

DISEASES OF THE CHEST

AUTHOR INDEX

Volume XIV, January - December 1948

<i>Abbott, Osler A.</i> The Clinical Significance of Pulmonary Hemorrhage: A Study of 1316 Patients with Chest Disease. Discussions by H. Anido, A. L. Kruger and L. B. Smith.....	824
<i>Albertal, Manuel, Leonardo L. Dobric and J. E. Rodrigué Olivares.</i> Streptomycin and Tuberculosis.....	665
<i>Anderson, Norman L.</i> The Rationale of Therapeutic Pneumoperitoneum. Physiological and Mechanical Considerations.....	732
<i>Anderson, R. S.</i> Changing Concepts in the Bed Rest Treatment of Tuberculosis.....	167
<i>Andosca, John B. and John A. Foley.</i> Calcium Ribonate and Vitamin C (Nu 240-10) in the Treatment of Tuberculosis.....	107
<i>Ashe, William M. and Karl H. Pfuetze.</i> Present Status of Streptomycin in Tuberculosis.....	446
<i>Aufses, Arthur H.</i> Multiple Simultaneous Acute Putrid Lung Abscesses.....	41
<i>Banyai, Andrew L.</i> Carlo Forlanini. 1847-1918. Editorial.....	138
The Specialty of Chest Diseases. Editorial.....	289
<i>Barach, Alvan L.</i> See Cullen, James H. et al.....	345
<i>Batson, Randolph and Hollis E. Johnson.</i> Benign Pulmonary Histoplasmosis.....	517
<i>Bauer, Capt. Richard B. and Elmer P. Sauer.</i> Streptomycin in Tuberculous Meningitis (Report of a Case).....	843
<i>Beakey, John F.</i> See Segal, Maurice S. et al.....	386
<i>Behm, Hugo and Henry C. Sweany.</i> Tuberculosis of Trachea and Major Bronchi.....	1
<i>Benioff, Mortimer A.</i> See Farber, Seymour M. et al.....	633
<i>Brewer III, Lyman A., Frank S. Dolley and Wilfred M. G. Jones.</i> Indications for Pulmonary Resection for Tuberculosis Both by Lobectomy and Pneumonectomy. Discussion by S. A. Thompson.....	491
<i>Briggs, John Francis.</i> The Value of Electrocardiography.....	870
<i>Bruck, Edwin L.</i> Pneumococcus Pneumonia and Its Complications.....	73
<i>Bunn, Paul A.</i> Streptomycin in the Treatment of Human Tuberculosis. Discussions by K. H. Pfuetze, W. W. Stewart and F. W. Burge.....	670
<i>Caldwell, D. M.</i> See Levinson, J. P. et al.....	19
<i>Calix, Arthur and Sydney Jacobs.</i> Pneumoperitoneum.....	233
<i>Canizares, Miguel.</i> The Tuberculosis Problem in the Philippines.....	759
<i>Cannon, W. M. and Kenneth M. Lynch.</i> Asbestosis: VI. Analysis of Forty Necropsied Cases.....	874

<i>Canizares, Miguel.</i> The Tuberculosis Problem in the Philippines.....	759
<i>Cannon, W. M. and Kenneth M. Lynch.</i> Asbestosis: VI. Analysis of Forty Necropsied Cases.....	874

<i>Carson, Capt. Leon D.</i> Experiences in Air Transportation of Patients with War Wounds of the Chest. Discussion by Comdr. C. H. C. Smith	254
<i>Charr, Robert.</i> Velocity of Ether Absorption from Visceral Pleura: Pleura-to-Tongue Circulation Time	890
<i>Chattas, Alberto.</i> Bronchiectasis in Children	437
<i>Cohen, Samuel and Benjamin P. Potter.</i> Summary of Case Reports ..	287
<i>Conklin, William S.</i> The Treatment of Patent Ductus Arteriosus. Discussion by John Roberts Phillips	317
<i>Cox, Seth L.</i> The Tuberculin Test: A Vital Factor in Tuberculosis Control	739
<i>Cullen, James H., Robert K. Myers, Alban L. Barach and George Foster Herben.</i> Closure of Cavities in Pulmonary Tuberculosis Produced by Immobilization of Both Lungs. Discussions by A. A. Leonidoff and Minas Joannides	345
<i>Dobric, Leonardo L.</i> See Albertal, Manuel et al	665
<i>Dolley, Frank S.</i> See Brewer III, Lyman A. et al	491
<i>Elrod, P. D.</i> See Murphy, J. D. et al	694
<i>Elson, Ralph and Irving F. Stein.</i> Meigs' Syndrome. Discussions by A. W. Hobby and Edward Lebovitz	722
<i>Farber, Seymour M., Mortimer A. Bentoff, John K. Frost, Milton Rosenthal and Gerd Tobias.</i> Cytologic Studies of Sputum and Bronchial Secretions in Primary Carcinoma	633
<i>Feinsilver, Oscar.</i> Medical Aspects of Rehabilitation in Tuberculosis. Discussion by I. D. Bobrowitz	746
<i>Foley, John A. and John B. Andosca.</i> Calcium Ribonate and Vitamin C (Nu 240-10) in the Treatment of Tuberculosis	107
<i>Frost, John K.</i> See Farber, Seymour M. et al	633
<i>Garry, Mark W.</i> Tuberculosis Case-Finding Survey in Penal and Correctional Institutions in Ohio	862
<i>Gordon, Burgess.</i> Pulmonary Cysts	193
<i>Greer, Alvis E.</i> The Synergism Between Mycotic and Tuberculous Infections of the Lungs	33
<i>Heaton, T. G.</i> Cardiospasm with Associated Pulmonary Disease	425
<i>Herben, George Foster.</i> See Cullen, James H. et al	345
<i>Hetherington, L. H.</i> See Levinson, J. P. et al	19
<i>Hill, Lee Forrest.</i> Tuberculosis in Pediatric Practice	46
<i>Howes, William E.</i> Bronchial Adenoma	427
<i>Hoyle, Clifford.</i> The Brompton Hospital—A Centenary Review	269
<i>Hurst, Allan and H. M. Maier.</i> Right Heart Failure After Thoracoplasty	29
<i>Jacobs, Sydney and Arthur Calix.</i> Pneumoperitoneum	233
<i>Johnson, Hollis E. and Randolph Batson.</i> Benign Pulmonary Histoplasmosis	517

<i>Jones, Wilfred M. G.</i> See Brewer III, Lyman A. et al.	491
<i>Jordan, Lewis S.</i> Eradicating Tuberculosis in Rural Minnesota	261
<i>Judd, A. R.</i> Tuberculous Disease of the Trachea and Bronchi	180
<i>Kernohan, James W.</i> See Levin, Louis et al.	218
<i>Koontz, E. R.</i> See Murphy, J. D. et al.	694
<i>Laws, J. W.</i> Legislative Implications of Adequate Tuberculosis Control	121
<i>Levin, Louis, James W. Kernohan and Herman J. Moersch.</i> Pulmonary Abscess Secondary to Bland Pulmonary Infarction	218
<i>Levinson, J. P., D. M. Caldwell, L. H. Hetherington and C. H. Marcy.</i> Studies of Venous Pressure, Vital Capacity, Circulation Times and Electrocardiograms in the Course of Pulmonary Collapse Therapy	19
<i>Levinson, Leon.</i> See Segal, Maurice S. et al.	386
<i>Lloyd, Milton S.</i> Tumors of the Anterior Mediastinum. A Report of Six Cases	396
<i>Long, Esmond R.</i> Tuberculosis Control in the Army	190
<i>Lynch, Kenneth M. and W. M. Cannon.</i> Asbestosis: VI. Analysis of Forty Necropsied Cases. Discussions by Leopold Brahdy and W. B. Yegge	874
<i>Mackie, Thomas T.</i> Parasitic Infections of the Lung. Discussion by H. G. Whitehead	894
<i>Macklin, Charles C.</i> Respiratory Volume Changes in the Pulmonary Blood Vessels in Relation to Artificial Relaxation Therapy. Discussions by A. J. Steiner and Robert Charr	534
<i>Macklin, Madge Thurlow.</i> Pitfalls in Dealing with Cancer Statistics, Especially as Related to Cancer of the Lung	525
<i>Madsen, H. Vernon.</i> Combination Promin and Streptomycin Therapy for Tuberculosis	850
<i>Maier, H. M. and Allan Hurst.</i> Right Heart Failure After Thoracoplasty	29
<i>Marcy, C. H.</i> See Levinson, J. P. et al.	19
<i>Marietta, Major General Shelley U. (Retired).</i> President's Address. Problems Persisting Through the Evolution of Medicine	596
<i>Maurer, Gustav.</i> The Combined Thoracoplasty. Discussion by Papken S. Mugrditchian	415
<i>Moersch, Herman J.</i> See Levin, Louis et al.	218
<i>Moran, Thomas J.</i> Necropsy Incidence of Tuberculosis in a Hospital for the Mentally Ill	132
<i>Murphy, J. D., P. D. Elrod, H. E. Walkup and E. R. Koontz.</i> Surgical Treatment of Residual Cavities Following Thoracoplasties for Tuberculosis	694
<i>Myers, J. A.</i> Necropsy Diagnosis. Editorial	136
A New Medical Journal. Editorial	141
Tuberculosis Eradication Being Achieved. Editorial	293
Another Outstanding Program. Editorial	456

<i>Myers, Robert K.</i> See Cullen, James H. et al.	345
<i>Norris, Charles M.</i> Early Clinical Features of Bronchogenic Carcinoma: Illustrative Cases	198
<i>Olivares, J. E. Rodrigué.</i> See Albertal, Manuel et al.	665
<i>Papanicolaou, Basil.</i> Photofluorographic Survey of 33,971 Apparently Healthy Persons in Greece	585
<i>Peabody, J. Winthrop.</i> Address. Symposium on Diseases of the Chest	161
<i>Penta, Arthur Q.</i> The Role of Bronchoscopy in Clinical Medicine and Surgery	366
<i>Pfuetze, Karl H. and William M. Ashe.</i> Present Status of Streptomycin in Tuberculosis	446
<i>Potter, Benjamin P. and Samuel Cohen.</i> Summary of Case Reports	287
<i>Rey, J. C.</i> See Vaccarezza, R. F. et al.	580
<i>Robitzek, E. H.</i> See Tchertkoff, I. G. et al.	475
<i>Rosenthal, Milton.</i> See Farber, Seymour M. et al.	633
<i>Samson, Paul C.</i> Lung Abscess (Surgical Aspects)	79
<i>Sauer, Elmer P. and Capt. Richard B. Bauer.</i> Streptomycin in Tuberculous Meningitis	843
<i>Segal, Maurice S.</i> Facts and Fancies in the Management of the Seriously Ill Patient with Bronchial Asthma. Discussions by G. L. Waldbott and A. L. Barach	795
<i>Segal, Maurice S., Leon Levinson and John F. Beakey.</i> A Demand Valve for the Administration of Aerosols of Penicillin and Streptomycin	386
<i>Seger, Gordon H.</i> A Cooperative Study of Streptomycin in Tuberculosis	686
<i>Selikoff, I. J.</i> See Tchertkoff, I. G. et al.	475
<i>Shamaskin, Arnold.</i> Solving the Problems of the Tuberculous War Veteran	853
<i>Singer, Jacob Jesse.</i> Bronchiectasis	92
<i>Sodeman, W. A.</i> Pulmonary Heart Disease	360
<i>Soubrie, A.</i> See Vaccarezza, R. F. et al.	580
<i>Stein, Irving F. and Ralph Elson.</i> Meigs' Syndrome. Discussions by A. Worth Hobby and Edward Lebovitz	722
<i>Sweany, Henry C. and Hugo Behm.</i> Tuberculosis of Trachea and Major Bronchi	1
<i>Taylor, Henry K.</i> Clinical Application of Angiocardiography	707
<i>Tchertkoff, I. G., I. J. Selikoff and E. H. Robitzek.</i> The Role of Trauma in Initial Pneumothorax	475
<i>Theodos, Peter A.</i> Cystic Disease of the Lung with Report of a Case	115
<i>Tobias, Gerd.</i> See Farber, Seymour M. et al.	633
<i>Vaccarezza, R. F., A. Soubrie and J. C. Rey.</i> Functional Examination of Each Lung Before and After the Paralysis of the Phrenic Nerve	580

- Vrooman, C. H.* Silicosis as an Industrial and Compensation Problem
in British Columbia 63
- Walkup, H. E.* See Murphy, J. D. et al. 694
- Weber, Francis J.* Progress in Tuberculosis Control in the United
States 243

DISEASES OF THE CHEST

SUBJECT INDEX

Volume XIV, January - December 1948

Abscess, Lung. Surgical Aspects. <i>Paul C. Samson</i>	79
Abscesses, Lung. <i>Arthur H. Aufses</i>	41
Abscess, Pulmonary. <i>Louis Levin, J. W. Kernohan and H. J. Moersch</i>	218
Aerosols, Administration of—. <i>M. S. Segal, Leon Levinson and J. F. Beakey</i>	386
Angiocardiography. <i>Henry K. Taylor</i>	707
Annual Meeting, American College of Chest Physicians	604
Another Outstanding Program. Edit.	456
Army, Tuberculosis Control. <i>Esmond R. Long</i>	190
Asbestosis: VI. Analysis of Forty Necropsied Cases. <i>Kennth M. Lynch and W. M. Cannon</i> . Discussion by Leopold Brahdy and W. B. Yegge	874
Asthma, Bronchial—. <i>Maurice S. Segal</i>	795
Benign Pulmonary Histoplasmosis. <i>Hollis E. Johnson and Randolph Batson</i>	517
Book Reviews:	
Exercise During Convalescence. By <i>George T. Stafford</i>	627
British Columbia, Silicosis—. <i>C. H. Vrooman</i>	63
Brompton Hospital—A Centenary Review. <i>Clifford Hoyle</i>	269
Bronchi, Major. Tuberculosis of—. <i>H. C. Sweany and Hugo Behm</i>	1
Bronchial Adenoma. <i>William E. Howes</i>	427
Bronchial and Tracheal Tuberculosis. <i>A. R. Judd</i>	180
Bronchiectasis. <i>Jacob Jesse Singer</i>	92
Bronchiectasis in Children. <i>Alberto Chattas</i>	437
Bronchoscopy, Role of—. <i>Arthur Q. Penta</i>	366
Calcium Ribonate and Vitamin C (Nu 240-10) in the Treatment of Tuberculosis. <i>John B. Andosca and John A. Foley</i>	107
Cancer of the Lung. <i>Madge Thurlow Macklin</i>	525
Carcinoma, Bronchogenic—. <i>Charles M. Norris</i>	198
Carcinoma, Cytologic Studies—. <i>S. M. Farber, M. A. Benioff, J. K. Frost, Milton Rosenthal and Gerd Tobias</i>	633
Cardiospasm with Associated Pulmonary Disease. <i>T. G. Heaton</i>	425
Changing Concepts in the Bed Rest Treatment of Tuberculosis. <i>R. S. Anderson</i>	167
Clinical Application of Angiocardiography. <i>Henry K. Taylor</i>	707

- Clinical Significance of Pulmonary Hemorrhage: A Study of 1,316 Patients with Chest Disease. *Osler A. Abbott*. Discussion by *H. Anido, A. L. Kruger and L. B. Smith*. 824
- Closure of Cavities in Pulmonary Tuberculosis Produced by Immobilization of Both Lungs. *J. H. Cullen, R. K. Myers, A. L. Barach and G. F. Herben*. Discussions by *A. A. Leonidoff and Minas Joannides* 345
- Combination Promin and Streptomycin Therapy for Tuberculosis. *H. Vernon Madsen*. 850
- Combined Thoracoplasty. *Gustav Maurer*. Discussion by *P. S. Mugrditchian* 415
- Cooperative Study of Streptomycin in Tuberculosis. *Gordon H. Seger* 686
- Council on International Affairs. 770
- Cystic Disease of the Lung with Report of a Case. *Peter A. Theodos* 115
- Cysts, Pulmonary. *Burgess Gordon* 193
- Cytologic Studies of Sputum and Bronchial Secretions in Primary Carcinoma. *S. M. Farber, M. A. Benioff, J. K. Frost, Milton Rosenthal and Gerd Tobias*. 633
- Demand Valve for the Administration of Aerosols of Penicillin and Streptomycin. *M. S. Segal, Leon Levinson and J. F. Beakey* 386
- Early Clinical Features of Bronchogenic Carcinoma: Illustrative Cases. *Charles M. Norris*. 198
- Electrocardiography. *J. F. Briggs*. 870
- Eradicating Tuberculosis in Rural Minnesota. *Lewis S. Jordan*. . . . 261
- Experiences in Air Transportation of Patients with War Wounds of the Chest. *Capt. Leon D. Carson*. Discussion by *Comdr. C. H. C. Smith* 254
- Facts and Fancies in the Management of the Seriously Ill Patient with Bronchial Asthma. *Maurice S. Segal*. Discussions by *G. L. Waldbott and A. L. Barach* 795
- Forlanini, Carlo (1847-1918). Edit. 138
- Functional Examination of Each Lung Before and After the Paralysis of the Phrenic Nerve. *R. F. Vaccarezza, A. Soubrie and J. C. Rey* 580
- Greece. Photofluorographic Survey. *Basil Papanicolaou*. 585
- Heart Disease. *W. A. Sodeman* 360
- Hemorrhage, Pulmonary—. *O. A. Abbott* 824
- Histoplasmosis. *Hollis E. Johnson and Randolph Batson*. 517
- Indications for Pulmonary Resection for Tuberculosis Both by Lobectomy and Pneumonectomy. *L. A. Brewer III, F. S. Dolley and W. M. G. Jones*. Discussion by *S. A. Thompson*. 491
- Legislative Implications of Adequate Tuberculosis Control. *J. W. Laws* 121
- Lobectomy, Indications—. *L. A. Brewer III, F. S. Dolley and W. M. G. Jones* 491

Lung Abscess (Surgical Aspects). <i>Paul C. Samson</i>	79
Mediastinum, Tumors of—. <i>Milton S. Lloyd</i>	396
Medical Aspects of Rehabilitation in Tuberculosis. <i>Oscar Feinsilver</i> . Discussion by <i>I. D. Bobrowitz</i>	746
Medical Journal, New. Edit.	142
Meigs' Syndrome. <i>Irving F. Stein and Ralph Elson</i> . Discussions by <i>A. Worth Hobby</i> and <i>Edward Lebovitz</i>	722
Meningitis, Tuberculous. Streptomycin in—. <i>R. B. Bauer and E. P. Sauer</i>	843
Mentally Ill and Tuberculosis. <i>Thomas J. Moran</i>	132
Multiple Simultaneous Acute Putrid Lung Abscesses. <i>Arthur H. Aufses</i> ..	41
Mycotic and Tuberculous Infections of the Lungs. <i>Alvis E. Greer</i> ...	33
Necropsy Diagnoses. Edit.	136
Necropsy Incidence of Tuberculosis in a Hospital for the Mentally Ill. <i>Thomas J. Moran</i>	132
Obituaries:	
Devitt, William	628
Ferreira, Clemente	938
Finochietto, Enrique	472
Harper, Frank Trumbo	315
Norton, Vera V.	939
Patterson, Lloyd H.	938
Pendleton, Wilson	629
Pinner, Max	312
Pollak, Berthold Steinbach	938
Schonwald, Philipp	315
Watson, Samuel Humes	314
Woodford, Leon G.	472
Overholt, Richard H. Installed as College President.	603
Parasitic Infections of the Lung. <i>Thomas T. Mackie</i> . Discussion by <i>H. G. Whitehead</i>	894
Patent Ductus Arteriosus. <i>William S. Conklin</i>	317
Pediatrics, Tuberculosis in—. <i>Lee Forrest Hill</i>	46
Philippines. Tuberculosis Problem. <i>Miguel Cantzares</i>	759
Photofluorographic Survey of 33,971 Apparently Healthy Persons in Greece. <i>Basil Papanicolaou</i>	585
Phrenic Nerve, Paralysis of—. <i>R. F. Vaccarezza, A. Soubrie and J. C. Rey</i>	580
Pitfalls in Dealing with Cancer Statistics, Especially as Related to Cancer of the Lung. <i>Madge Thurlow Macklin</i>	525
Pneumococcus Pneumonia and Its Complications. <i>Edwin L. Bruck</i> ..	73
Pneumonectomy, Indications—. <i>L. A. Brewer III, F. S. Dolley and W. M. G. Jones</i>	491
Pneumonia, Pneumococcus, and Its Complications. <i>E. L. Bruck</i>	73

Pneumonia, Primary Atypical—	<i>Lieut. Alvin C. Wyman</i>	568
Pneumoperitoneum.	<i>Arthur Calix and Sydney Jacobs</i>	263
Pneumoperitoneum—	<i>Norman L. Anderson</i>	732
Pneumothorax, Initial—	<i>I. G. Tchertkoff, I. J. Selikoff and E. H. Robitzek</i>	475
Present Status of Streptomycin in Tuberculosis.	<i>K. H. Pfuetze and W. M. Ashe</i>	446
President's Address.	<i>Major General S. U. Marietta (Retired)</i>	596
Primary Atypical Pneumonia: Roentgenographic Course, Complications, Recovery Rate and End Results.	<i>Lieut. A. C. Wyman</i>	568
Progress in Tuberculosis Control in the United States.	<i>F. J. Weber</i>	243
Promin and Streptomycin in Tuberculosis—	<i>H. V. Madsen</i>	850
Pulmonary Abscess Secondary to Bland Pulmonary Infarction.	<i>Louis Levin, J. W. Kernohan and H. J. Moersch</i>	218
Pulmonary Collapse Therapy, Studies of Venous Pressure—	<i>J. P. Levinson, L. H. Hetherington, D. M. Caldwell and C. H. Marcy</i>	19
Pulmonary Cysts.	<i>Burgess Gordon</i>	193
Pulmonary Disease and Cardiospasm.	<i>T. G. Heaton</i>	425
Pulmonary Heart Disease.	<i>W. A. Sodeman</i>	360
Rationale of Therapeutic Pneumoperitoneum, Physiological and Mechanical Considerations.	<i>Norman L. Anderson</i>	732
Rehabilitation in Tuberculosis—	<i>Oscar Feinsilver</i>	746
Respiratory Volume Changes in the Pulmonary Blood Vessels in Relation to Artificial Relaxation Therapy.	<i>Charles C. Macklin. Discussions by A. J. Steiner and Robert Charr</i>	534
Right Heart Failure After Thoracoplasty.	<i>Allan Hurst and H. M. Maier</i>	29
Role of Bronchoscopy in Clinical Medicine and Surgery.	<i>Arthur Q. Penta</i>	366
Role of Trauma in Initial Pneumothorax.	<i>I. G. Tchertkoff, I. J. Selikoff and E. H. Robitzek</i>	475
Silicosis as an Industrial and Compensation Problem in British Columbia.	<i>C. H. Vrooman</i>	63
Silicosis as Viewed by an Internist.	<i>W. Bernard Yegge</i>	550
Solving the Problems of the Tuberculous War Veteran.	<i>Arnold Shamaskin</i>	853
Specialty of Chest Diseases. Edit.		289
Streptomycin (A Report on Its Present Use in Tuberculosis). Subcommittee on Chemotherapy and Antibiotics.		766
Streptomycin and Promin in Tuberculosis—	<i>H. V. Madsen</i>	850
Streptomycin and Tuberculosis.	<i>Manuel Albertal, Leonardo L. Dobric and J. E. Rodríguez Olivares</i>	665
Streptomycin in the Treatment of Human Tuberculosis.	<i>Paul A. Bunn. Discussions by K. H. Pfuetze, W. W. Stewart and F. W. Burge</i>	670

Streptomycin in Tuberculous Meningitis. <i>Capt. Richard B. Bauer and Elmer P. Sauer</i>	843
Streptomycin in Tuberculosis. <i>K. H. Pfuetze and W. M. Ashe</i>	446
Streptomycin in Tuberculosis. <i>Gordon H. Seger</i>	686
Studies of Venous Pressure, Vital Capacity, Circulation Time and Electrocardiograms in the Course of Pulmonary Collapse Therapy. <i>J. P. Levinson, D. M. Caldwell, L. H. Hetherington and C. H. Marcy</i>	19
Summary of Case Reports. <i>Samuel Cohen and B. P. Potter</i>	287
Surgical Treatment of Residual Cavities Following Thoracoplasties for Tuberculosis. <i>J. D. Murphy, P. D. Elrod, H. E. Walkup and E. R. Koontz</i>	694
Survey, Case-Finding, in Penal Institutions. <i>M. G. Garry</i>	862
Symposium on Diseases of the Chest.....	161-217
Address by J. Winthrop Peabody.....	162
Synergism Between Mycotic and Tuberculous Infections of the Lungs. <i>Alvis E. Greer</i>	33
Therapy, Collapse—. Sub-Committee on Non-Surgical Collapse Therapy.....	906
Therapy, Relaxation—. <i>C. C. Macklin</i>	534
Thoracoplasty. <i>Gustav Maurer</i>	415
Thoracoplasty and Right Heart Failure. <i>Allan Hurst and H. M. Maier</i>	29
Trachea, Tuberculosis—. <i>H. C. Sweany and Hugo Behm</i>	1
Tracheal and Bronchial Tuberculosis. <i>A. R. Judd</i>	180
Trauma in Initial Pneumothorax. <i>I. G. Tchertkoff, I. J. Selikoff and E. H. Robitzek</i>	475
Treatment of Patent Ductus Arteriosus. <i>William S. Conklin</i> . Discussion by J. R. Phillips.....	317
Treatment, Tuberculosis—. <i>R. S. Anderson</i>	167
Tuberculin Test: A Vital Factor in Tuberculosis Control. <i>Seth L. Cox</i>	739
Tuberculosis Case-Finding Survey in Penal and Correctional Institutions in Ohio. <i>Mark W. Garry</i>	862
Tuberculosis, Streptomycin:	
<i>K. H. Pfuetze and W. M. Ashe</i>	446
<i>Manuel Albertal, L. L. Dobric and J. E. Rodrigué Olivares</i>	665
<i>Paul A. Bunn</i>	670
<i>Gordon H. Seger</i>	686
Tuberculosis Control:	
In the Army. <i>Esmond R. Long</i>	190
In the United States. <i>Francis J. Weber</i>	243
Legislative Implications. <i>J. W. Laws</i>	121
Tuberculin Test a Vital Factor. <i>Seth L. Cox</i>	739
Tuberculosis, Eradication of—. <i>L. S. Jordan</i>	261
Tuberculosis Eradication Being Achieved. Edit.....	292

Tuberculosis in Pediatric Practice. <i>Lee Forrest Hill</i>	46
Tuberculosis Problem in the Philippines. <i>Miguel Canizares</i>	759
Tuberculosis, Immobilization of Lungs—. <i>J. H. Cullen, R. K. Myers, A. L. Barach and G. F. Herben</i>	345
Tuberculosis, Pulmonary Resection—. <i>L. A. Brewer III, F. S. Dolley and W. M. G. Jones</i>	491
Tuberculosis, Residual Cavities Following Thoracoplasty—. <i>J. D. Murphy, P. D. Elrod, H. E. Walkup and E. R. Koontz</i>	694
Tuberculosis of Trachea and Major Bronchi. <i>Henry C. Sweany and Hugo Behm</i>	1
Tuberculosis, Treatment with Calcium Ribonate and Vitamin C. <i>J. B. Andosca and J. A. Foley</i>	107
Tuberculous Disease of the Trachea and Bronchi. <i>A. R. Judd</i>	180
Tumors of the Anterior Mediastinum, A Report of Six Cases. <i>M. S. Lloyd</i>	396
Utilization of Collapse Therapy. Sub-Committee on Non-Surgical Collapse Therapy	906
Velocity of Ether Absorption from Visceral Pleura: Pleura-to-Tongue Circulation Time. <i>Robert Charr</i>	890
Venous Pressure—. <i>J. P. Levinson et al</i>	19
Vital Capacity—. <i>J. P. Levinson et al</i>	19
Wounds of Chest—. <i>Capt. Leon D. Carson</i>	254
